LONG ILLNESS

Finally Results in the Death of Mrs. Jones.

Mrs. Virginia Jones, widow of the late P. G. Jones, of Cadiz, died Friday night at her home in Madisonville, after a long illness. She was about 70 years old and had made her home in Madisonville since the death of her husband several years ago. Deceased was a member of the Baptist church. The remains arrived here Sunday morning and were taken to Cadiz for interment.

FEUD VICTIM.

Dr. Edward Courtney Way-laid and Killed.

Louisville, Ky., June 9.—Dr. Edward Courtney, a young physician, was waylaid and shot to death last midnight near Nave, a village in Bracken county. Last December he killed his partner, Dr. W. M. Karney, in an encounter and since then a feud had raged between their adherents. More trouble is feared.

RUSSELLVILLE BUSY.

Commencements and Baptist Meeting Drawing Large Crowds.

Russellville, Ky., June 12.—Russellville has had her share of visitors for the past week, being the commencement of Logan Female College. This week will be consumed by the exercises of the Bethel College commencement, and the town will be full to overflowing during the week beginning June 19 on account of the General Association of Baptists of Kentucky which will convene here at that time.

Henderson's Curfew.

The curfew ordinance will go into effect tonight (Friday) at nine o'clock. At that hour every person under sixteen years of age must be in-doors, unless sent on an errand, or incur the dire penalties set forth in the ordinance adopted to cover the misdemeanor of being under the prescribed age.—Henderson's Journal.

Mrs. Q. C. Atkinson and son, Polk, of Clarksville, are visiting Mrs. John R. Green.

TEMPORARY INJUNCTION GRANTED

To Restrain Enforcement of the Anti-Cow Law.

MRS. DINNEEN ACTS.

Attacks the Legal Status of Three of the City Councilmen.

A petition for an injunction to restrain the officers of the city from carrying out the provisions of the stock ordinance, adopted on the 2nd day of this month, was filed in circuit court late Saturday afternoon.

The petition was filed by Mrs. Catherine N. Dinneen and John Feland is the attorney. The petition says that three of the city councilmen who voted for the adoption of said ordinance are ineligible to be councilmen under sub-division 2 of Section 3484 of the Charter of the City—"That they shall hold no other civil office, nor be directly or indirectly interested in any contract with the city, &c."

The petition further says that Councilman L. W. Whitlow, after having helped fix the license for the sale of spirituous, vinous and malt liquors in the city of Hopkinsville, that he afterwards obtained license to sell same.

The second charge in the petition is that Councilman J. B. Jackson, was, at the time he voted for said ordinance, the Secretary of the Board of Health of Christian County, and drawing a salary of \$600 per year.

In the third place the petition says that Councilman Lucian H. Davis was, in March, 1902, elected Treasurer of the Western Kentucky Asylum for the Insane, and that he executed bond and took the oath of office and entered upon the duties of the office.

The petition states that "by reason of all these matters and things, that said Whitlow, Jackson and Davis rendered themselves ineligible as members of said Board of Council, and charges that they were not eligible members of said Board of Councilmen and had no right to participate in or vote for the ordinance adopted and complained of.

The petition further states that said ordinance "is a violation of the statutes of Kentucky in such cases made and provided for." Mrs. Dinneen says that she is informed that various and sundry members of the city council of Hopkinsville have, since their taking office, entered into various and sundry contracts with the city for pecuniary gain and profit, and that said ordinance is void.

Mrs. Dinneen further says that she is the owner of a valuable cow, and that she will be damaged by said cow's not being allowed to run at large upon the commons.

The court issued a temporary restraining order on condition that the plaintiff execute bond with good security in the sum of \$500. The bond was given and the court fixed next Saturday, June 17th, as the day on which the motion for an injunction will be made.

By the action of the court the cow law is inoperative until the case is decided.

A Hot One.

Last Sunday was probably the hottest day of the year. The attendance at the different churches was small and most of the ministers shortened their morning sermons to thirty minutes and some to twenty. The heavy rain, which fell between 3 and 4 o'clock, lowered the temperature to the comfortable point and the church goers were more in evidence at the night services.

BOTH NATIONS ARE READY TO TALK PEACE.

Roosevelt is The Man Who Brought it all About.

MEET IN WASHINGTON.

Japan Will Name Terms And All Europe Will Urge Reasonable Demands.

Washington, June 12.—Both Japan and Russia have agreed to the President's request that they appoint plenipotentiaries to talk peace and Roosevelt is the man of the hour.

It is a diplomatic triumph of the first magnitude, and the diplomats make no attempt to conceal their admiration of the new-world brand of diplomacy, which acts while the remainder of the world thinks.

President Roosevelt returned to Washington at 9:50 o'clock last night, after his brief outing in Virginia. Upon conferring with Secretary Taft and Mr. Loeb it was announced that nothing concerning the negotiations for peace in the Far East would be made public. Before the responses of Russia and Japan are published they will be transmitted formally by the President, the Russian note to Tokio and the Japanese note to St. Petersburg. The situation is said to be satisfactory to the President, and the assurance is given that there is no hitch in the negotiations.

Japan Will Name Terms.

At the preliminary meeting, it is the understanding that Japan will indicate the terms on which the Emperor would be willing to conclude a permanent peace. The terms then will be transmitted directly to the Russian Government, the question of their acceptance or rejection then lying with the Russian Emperor.

Later at a meeting of plenipotentiaries of the two Powers, the details of a treaty of peace will be considered. This formal peace conference, the probabilities now are will be held in Washington, both of the belligerents favorably regarding this capital as a place for the drafting and signing of a treaty of peace.

Japan's Terms.

There is an infinite amount of gossip here about Japan, but it is almost irresponsible, the best informed members of the diplomatic corps, even the British Embassy being convinced that while the main outlines are matters of common knowledge in America and in chancelleries of Europe, Japan has not revealed her exact terms even to her ally.

Russia is not likely to prove recalcitrant. According to the best opinion she is prepared to abandon the whole of her Manchurian adventure and give guarantees. The rub will come upon the question of indemnity, which it is the consensus of opinion in diplomatic circles, Japan will exact, but if it should be made moderate and sugar-coated so that it could be liquidated by the sale of the Chinese Eastern railroad and the cession of Russian property and leases in the Kwantung Peninsula, it might be overcome. Russia will probably insist on holding the railroad to Vladivostok through North-east Manchuria, and will never submit to the humiliation of disarmament in her only port in the Pacific, nor to the inhibition against having warships in those waters.

Might Give Up Sakhalin.

Considering the condition of the two countries, members of the diplomatic corps feel that Japan's status in the Pacific is so firmly established that she can afford to dispense with the exaction of so bitter a condition. Though the feeling against a cession of actual territory is strong, the

SHIRTS!

Big Lot of White Laundered and Unlaundered; all Styles,

At Cost

And Less than Cost. Call at Once.

T. M. JONES.

WILL WELCOME VETS IN GRAY.

Louisville Will Do The Handsome Thing This Week.

LOCAL PEOPLE GOING.

Formal Addresses Will Be Made Tomorrow at Confederate Hall.

Louisville, Ky., June 12.—Where the trains begin to pour their Confederate hosts into Louisville tomorrow, the city will be found ready with a hearty welcome. All pains for an unusually elaborate entertainment have been completed. The advance guard, in the persons of Gen. Clement A. Evans, president of the Confederate Memorial Association, and Gen. Joseph Wheeler, reached Louisville yesterday. Gen. Stephen D. Lee, General commanding the United Confederate Veterans, will reach Louisville tonight. The formal welcome to the veterans will be given at Confederate Hall Wednesday.

The Ned Meriwether camp will send a big delegation at 11:20 this morning, over the L. & N. road. The veterans will be accompanied by a dozen or more ladies from the Daughters of the Confederacy chapter.

Many visitors will of course be attracted to Louisville by the greatest reunion of Confederate soldiers ever held.

BRIGHT BOY

Who is Leading His Class In Louisville High School.

Benjamin Eager, the fifteen year old son of Dr. B. F. Eager, captured the Biscoe Hindman medal offered for the best record for general excellence in the Louisville High School, for the session standing and final examinations. He won in a class of 146 in the freshman grade, the honor turning on his success in the examinations. He is a Hopkinsville boy, who received much of his training in the local schools. It is a source of pride to his friends here that he should lead his class in the Louisville High Schools.

Welcome Showers.

A good rain fell in parts of the county Sunday afternoon. At Gracely it was very heavy. In the city only a light shower fell. At Newstead and other points south, it was only a sprinkle. The rain was general over the northern part of the

Island of Sakhalin, over which Japan and Russia once exerted codominion, might be ceded, or as an offset to the cession of that island all fishing and other Russian rights in Commander Islands might be handed over to Japan.

A Rumor of Easy Terms. In spite of official dubiouness as to the result, a well-defined report was current to-day that Russia had already practically obtained Japan's conditions and that they proved so surprisingly moderate that Russia would certainly accept them as a basis for negotiations.

149 MILES, 129 MINUTES

Made by Train on Pennsylvania Railroad.

Fort Wayne, Ind., June 12.—A test train on the Pennsylvania Railroad made a record run from Chicago here. The 149 miles were covered in 129 minutes. The train continued to Crestline, Ohio, on its record making trip.

The train covered the 131 miles from here to Crestline in 115 minutes, being laid out at Lima five minutes by a hot box. The 280 miles from Chicago to Crestline was covered in 245 minutes—the fastest time on record. The train consisted of three coaches.

CIRCUIT COURT

Two Cases of Interest Are Set For To-day.

SATURDAY.
But little business in the Circuit Court was transacted Saturday.

The jury in the case of James Holloway for the murder of Andrew Bradshaw in 1879, returned a verdict for manslaughter and fixed his punishment at eight years in the penitentiary. Two cases for selling liquor to minors were continued.

MONDAY.
H. W. Deason vs. the L. and N. R. R. was tried for the second time. This is a suit for \$5,000 damages and Deason got a verdict last court for \$3,000.

Fannie Griffin also sues the L. and N., for damages and the case was set for yesterday.

TUESDAY.
The two cases of interest set for trial to-day are:

Miss Annie May Brasher against the T. C. R. R. for damages. This case was tried at the last term of the court and the jury's verdict gave her \$500, but a new trial was granted.

W. H. Taylor against L. A. Morris and The Federal Union Security Co. The original ground for this suit was that plaintiff had been severely injured by Morris while on the police force of the city and while Taylor and his wife were waiting their turn to get on a south bound train.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Charles H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GREAT EXHIBIT IS ON

RAILWAY CONGRESS HOLDS A NOVEL SIDE FEATURE.

Mammoth Tract of Land Consigned to Road Appliances—Ground Back of White House Given Over to International Show.

In connection with the seventh International Railway Congress, the American railway appliance exhibition is being held on the northern lawn of Monumental lot, just in the rear of the white house, and now that part of Washington has been converted into a vast industrial exposition greatly resembling the famed "White City." The event is the most gigantic in the history of railroading in the world, and is looked upon by men in the profession as epoch-making.

Three entire city blocks are devoted to the exhibit, which occupies 50 spacious buildings. All of the edifices are one story in height, and with but one

THE GENERAL EXHIBITION BUILDING.

exception all are painted a pure white. Over \$500,000 has been spent in making the grounds appear to the best advantage.

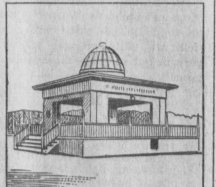

This railroad congress represents the interests of every nation in the world where railroads are used, and has for its object the furtherance of all improvements relating to railroading. It was organized in 1885, at Brussels, and now meets only once in every five years, although at first it met every two years. The six previous sessions of the congress have been at Brussels, in 1885, Milan in 1887, Paris in 1889, St. Petersburg in 1892, London in 1895, and Paris, in 1900. It was not until 1886 that the lights of the American railroad world began to take an interest in the work of the congress, but since that time the Americans have been particularly interested, and in many cases prominent in its affairs.

The foremost aim was to obtain grounds near the place of meeting of the congress. Heretofore this has been the great difficulty encountered at the exhibitions. Ten years ago, when the congress met in London, the grounds were five miles from the place of meeting; five years ago, at Paris, they were nine miles away. It was fortunate that we were able to obtain these grounds, for now the meeting place will not be five minutes from the exhibition.

The main, or association, building, is to be used for general exhibition purposes. It is 160 by 200 feet, and contains 21,000 square feet of floor available for exhibition purposes. There are 88 flagpoles on the top of this building, and from them fly the flags of 48 nations represented in the congress and ten flags of the United States.

The individual exhibitors have been assigned over 80,000 square feet of space, and along with the main building, this gives over 100,000 feet of space for exhibition purposes only.

We can probably realize the great amount of space when it is understood that Madison Square garden, of New York, which is now the largest inclosed building in the United States of its kind, contains only 50,000 feet of floor space. The exhibitors have floor space equal to

ONE OF THE INDUSTRIAL BUILDINGS.

that provided by a building five times as large as Madison Square garden. When the exhibition was held in London there were only 4,500 square feet of floor space.

There are 70 individual exhibitors, who have booths or buildings of some kind in which to exhibit their products. In all there are 350 manufacturers represented in the exhibition.

To the east of the executive office the hydrographic office has a mammoth map of the world, which is 21 by 42 feet in dimensions. This is said to be the largest map of the kind in the world. At 11:50 p. m. on May 3 a time signal was flashed around the world, and the direction of the signal in its course is shown on this map by means of small incandescent lights marking the different cities. It took about ten seconds for the signal to finish its course. Popular interest in the great event has increased year by year, and the 1905 feature of the congress has brought it into international repute. The grounds upon which the exhibit is being held were turned over to the enterprise by a special act of congress. It was held with scarcely a session of any profession has attracted as much attention as has the exhibit of the congress.

The Weather.

Generally fair for today.

Alfonso XII of Spain, who was entertained last week in England, was the first Spanish king to visit England since Philip II, the husband of "Bloody Mary," 350 years ago.

Sweden continues to protest against the secession of Norway, but there seems to be no way to prevent it, as the Norwegians are preparing to fight if necessary and King Oscar says he wants no war.

Greenwood Cemetery, Brooklyn, N. Y., with 478 acres, is said to be the largest cemetery in the world. It was opened in 1853. More than a hundred gardeners are employed and there is an average of 25 funerals a day. It contains 500,000 graves.

The buffalo-killing arranged for the National Editorial Association in Oklahoma, by Miller Brothers, Sunday, was called off. The editors refused to stand for such brutal entertainment and the government stopped the slaughter of the animals in time to relieve the embarrassment. The entertainment was turned into a picnic with wild west features, including Indian dances.

A primary has been called for August 10 to select a Democratic candidate for state senator from the district composed of the counties of McCracken, Marshall, Ballard and Carlisle. There will be a hot contest between Senator Wheeler Campbell and several other candidates. The Democrats of Ballard and Carlisle counties have called primaries to select a candidate for representative at the same time.

Frank G. Bigelow, the Milwaukee banker who defaulted for a million dollars, entered a plea of guilty Saturday and was given a sentence of ten years in the Federal penitentiary at Leavenworth. He was taken at once and entered upon his term Sunday night. He was accompanied by his son and brother and traveled in very plain clothes. Bigelow is 57 years old and was a social and financial leader of Milwaukee.

Blames the Editor.

A friend of the Bonham, Texas, News sends in the following pithy paragraph, which has fully as much truth as poetry in it: If you tout your little tooter and then lay aside your little horn, there's not a soul in ten short days will know that you were born. The man who gathers pumpkins is the man who plows all day, and the man who keeps a humping, is the man who makes it pay. The man who advertises with short and sudden jerks, is the man who blames the editor because it never works. The man who gets the business has a long and steady pull, and keeps his trade and paper from year to year quite full. He plans his advertisement in thoughtful, honest way, and keeps forever at it until he makes it pay. He has faith in all the future, can withstand a bankrupt shock, and like a man of Scripture, has his business on a rock.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh. It is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

J. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

A Bad Stomach

Lessens the usefulness and mars the happiness of life.

It's a weak stomach, a stomach that can not properly perform its function. Among its symptoms are distress after eating, nausea between meals, heartburn, belching, vomiting, flatulence and nervous headache.

Hood's Sarsaparilla

Cures a bad stomach, indigestion and dyspepsia, and the cure is permanent. Accept no substitute.

Noted Correspondent and Traveler.

Few newspapers in the United States are able to command the services of as brilliant a corps of correspondents as that of The Chicago Record-Herald. Its choice of a Washington correspondent is indicative of the Record-Herald's policy of obtaining the best there is to be had. Walter Wellman the well-known author on political subjects and one of the ablest writers of the day acts in that capacity.

Mr. Wellman was born in Mentor, Ohio, Nov. 3, 1858. At the age of 14 he began his newspaper experience, establishing at that time a weekly paper in the little town of Sutton, Neb. In 1876 he returned to Ohio, and a year later established the Cincinnati Evening Post. In 1884 he became the Washington correspondent of the Chicago Herald and in 1892 he visited Central America and the West Indies and located the landing place of Columbus on Watling's (San Salvador) Island, and marked the spot with a huge stone monument. Mr. Wellman's dashes for the north pole are well known. In 1894 he made the first of his two arctic voyages of exploration, reaching the latitude of 81 degrees northeast of Spitzbergen. In 1898 he returned to the North, penetrated to Franz Josef Land, returning again to this country in 1899. On each trip he met with wonderful success in the discovery of new islands and lands, and brought back scientific data and information of great value to the American Geographical Society.

Mr. Wellman has been a voluminous writer for scientific magazines and popular periodicals. On returning from his arctic trips he renewed his connection with The Record-Herald, and is now the Washington correspondent of that paper. His incisive discussion of contemporary affairs has given him a high place in the regard of statesmen and scientists of the day.

A Card.

In my circular letter of May 4th, there were reflections upon the condition and methods of the Hopkinsville and Clarksville Tobacco Markets, the Inspectors of both taking it as a direct attack upon them. I have to admit that my letter so read, but there was no such intention on my part, as I knew at the time and have found out since, that the troubles were entirely outside of the sampling of the tobacco. The Hopkinsville Inspector's newly appointed, I had never bought tobacco of their inspection and had no thought of them at the time.

I hope and believe that they will do their duty.

I am glad to correct any damaging reflections my circular may have contained in regard to them.

C. F. JARRETT.

June 12, 1905.

Pathetic Story.

A few weeks ago a young man bought a pair of socks containing a note saying the writer was an employee of the Kenosha (Wis.) Knitting Works, and wanted a good husband. She gave her name and requested the buyer, if unmarried, to write with a view to matrimony. The young man who found the note considered the matter in all its phases, and then decided to write to the girl. He did. Awaiting with anxiety he was at last rewarded with a curt letter, stating that the girl was now the mother of two children and had been married four years, and the letter had been written over so long ago. It was a "sock dologer," and the young man hunted for a consolation. He found it. The merchant from whom he bought the socks doesn't advertise.—Fourth Estate.

Protracted Meeting.

Rev. W. F. Cashman began a protracted meeting on the Madisonville road last Sunday night. This is Mr. Cashman's last year on the circuit and he has done a great work since he came here. The people generally regret that under the laws of the Methodist church he cannot stay longer.

RECEPTION AT FIRE STATION.

Probably 4,000 People Attended the Formal Opening.

QUICK TESTS MADE.

Refreshments and Souvenirs For All Who Inspected New Quarters.

Last Friday night was an event in the history of the fire department. It is estimated that 3,000 persons went out to inspect the new fire department building as well as to "catch on" to some of the tricks of the firemen and show their appreciation of their efforts to serve the public. The general arrangement of the building and its perfect adaptation was fully commented on and the frequent tests made to show the efficiency of the alarm system were watched with a great deal of curiosity.

Before 8 o'clock the lower floor, the doors and pavement were filled with the throng that had gathered, while the entire upper floor was full. Probably half the people present did not have a chance to reach the upper floor.

The test of the alarm system was one of the principal features of the evening and demonstrated its perfect efficiency. An alarm was turned in from Gray's stable and the time consumed in taking down the receiver, turning in No. 5, telling the central office of the Home Telephone Co., "we are testing," and then sounding the alarm at the fire station was six seconds, and in sixteen more the department was ready to start. The time consumed in getting ready to start in another test after the alarm was turned in was fifteen seconds. Nothing better could be asked.

Words of praise for the firemen were heard on every hand and they did everything to make the evening one of enjoyment to all. The full company composed of George E. Rand, chief, E. P. Fears, assistant chief; Ellis Roper, Ed Hester, John Turner, Ed Schmidt, William Turner, Ernest Haydon, Lee Morris, Bob Tunks, Ed Marshall, and J. D. Thompson, were on duty. They fully appreciated the demonstration of the good will of our people.

Refreshments in the way of lemonade and cake were served to all who were fortunate enough to wedge their way through the crowd and gain the upper floor. The fine training of the two horses, "Jockey" and "Lucian" showed them to be very intelligent animals, and the large crowd did not in the least prevent their responding promptly to every call.

A pretty aluminum souvenir was presented by Mr. W. S. Davison, in the name of the Home Telephone Co., to visitors who got into the building and registered. The young ladies who presided at the refreshment tables were faithful, in high good humor and added greatly to the pleasure of the evening.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because of its deceptive nature. Many sudden deaths are caused by it—heart disease, pneumonia, influenza, etc. It is the result of kidney trouble. The kidneys are the great excretory organs of the body. If they become diseased, the blood will be impure and the vital organs, suffering from the impure blood, will break down and waste away cell by cell. Kidney troubles almost always lead to a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you feel badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the best kidney, liver and bladder remedy.

It is remarkable to hold urine and excreting pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

WARNER'S LIFE AT THE ASYLUM.

Well Contented and Apparently Not Much Demented.

UNDER CLOSE GUARD.

Quite Talkative About His Crime and His Escape From Death.

The Louisville Times of yesterday contained this about Geo. E. Warner, the Louisville murderer, who escaped the gallows by being adjudged insane.

The excitement following the arrival at the Western Kentucky Asylum for the Insane of George B. Warner has subsided and Warner has dropped into the daily routine of life with the other patients.

When he was first received he was the object of special care. Superintendent Milton Board had him assigned to what is known as the "insane ward," an extra precaution to guard against suicide. These precautions are still taken, but Warner is not treated in any wise differently from other patients on the same ward.

He is kept at night in a room to himself, from which there is no avenue of escape. The window is high above the ground and is securely screened. It is not possible for Warner to either do himself injury, or to get away.

In the day he is taken with other male patients out of doors and spends practically all the day in the lawn, sitting under the trees, free to amuse himself in any of the ways permitted by the authorities of the institution, but under close guard.

Warner's mental condition bears no evidences of violent insanity or dejected melancholia. He is apparently quite at himself and is not very well contented, but is seemingly quite cheerful.

His appetite is good and he does not seem to be laboring under any troubles, interfering with his health. He shows no reserve about his case, but talks freely, always justifying the killings of Pulsaki Leeds. He realizes that he escaped the gallows by a very close call, but says he was wrongfully given the death sentence. He gives any one who cares to listen a history of his case in detail and talks in a very rational manner.

The moody, sluggish appearance that characterized him at first, has given place to the great strain he had gone through, has disappeared and he looks much better in every way and is evidently quite willing to be satisfied with his present lot.

Dr. Board, of course, has not given an opinion on Warner's mental condition. A great many patients are quite rational for long periods, but still have their spells of insanity.

Fearful Fate.

It is a fearful fate to have to endure the terrible torture of piles. "I can truthfully say," writes Harry Colson, of Masonville, Ia., "that for blind, bleeding, itching and protruding piles, Bucklen's Arnica Salve is the best cure made. Also best for cuts, burns and injuries. 25c at R. C. Hardwick's, druggist."

Delightful Solo.

Miss Rowena Wall's solo at the Baptist church Sunday morning has been very highly spoken of by those who heard it. Miss Wall has but recently returned home from Nashville, where she had been taking voice culture, and her rendition of "The Publican" Sunday passages her some of her friends asserting that she has the finest soprano voice in the city. A bright future in the realm of song awaits her.

In Mad Chase.

Millions run in mad chase after health, from one extreme of faddism to another, when if they would only eat good food and keep their bowels regular with Dr. King's New Life Pills, their troubles would all pass away.

Prompt relief and quick cure for liver and stomach trouble. 25c at Hardwick's drug store; guaranteed.

Horses for Sale.

Nice driving and family horses for sale at C. H. Layne & Co.

PERSONAL GOSSIP.

Dr. C. H. Nash went to Curlew yesterday.

Mr. Thomas Fairleigh went to Murray yesterday.

Mr. Ed Hester went to Princeton yesterday on business.

Mrs. D. D. Cayce and little son, Kenneth, are in Louisville.

Rev. and Mrs. H. C. McGill, of Howell, were in the city today.

Mrs. John O'Brien leaves Thursday on a six weeks' visit.

Miss Edna Nash went to Louisville yesterday on a visit to relatives.

Mrs. J. T. Hanbery has returned from a visit to friends at Georgetown.

Clarence Giles has returned from Tampa, Fla., where he spent several months.

Miss Hattie Dietrich left yesterday to spend her vacation—visiting relatives in Ohio.

Miss Cornelia DeVerville, returned Saturday from Nashville, where she was visiting friends.

Esq. G. E. Baynham, of Kennedy, has gone to Providence to visit his son, Mr. R. G. Baynham.

Miss Maggie Ellis has arrived from Lynchburg, Va., where she attended college.

Miss Mary Jesse Brownell has returned from Boston, where she had been studying music.

Mrs. H. A. Hardison, of Nashville, is here on a visit to her parents, Judge and Mrs. W. P. Winfree.

Miss Virginia Williamson has returned from a visit to relatives near Herndon.

Mr. John Trice, Jr., returned to Lexington yesterday to take a special course of study during the summer.

Mrs. Gus Stephens and children, and Miss Hattie Hale went to Mayfield yesterday to visit relatives.

Messrs. J. B. Fisher and B. F. Grove will leave to-day for Dayton, Ohio, to work at their trade as tinners.

Mrs. J. M. Black and two children, Mary and Michael, will go to Louisville tomorrow on a visit to relatives.

Mr. Frank W. Buckner, of Houston, Tex., who had been here on a visit to his parents, left Saturday for Vicksburg, Miss., where he will remain several days on business, before going to Houston.

Dr. R. F. Eager was in the city Sunday and left yesterday for Curlew Springs to spend a few days. He reports Beechurst Sanitarium, Louisville, of which he is superintendent, to be in a prosperous condition. There have been 125 patients under treatment, against 91 the previous year.

Among the ladies of the Christian church chapter, U. D. C., who will attend the Confederate reunion this week are the following: Mesdames L. McF. Blakemore, C. G. Duke, Dr. W. Williams, P. E. West, Holland Garnett, and Charles Campbell. Misses Martha Ellis Soyars, Lillian Gay, Elizabeth Grann, Jennie Bronsough, Ritchie Williams and Margaret Barker.

A Travel Luxury to N. Y.

A trip on the New York Limited over Pennsylvania Short Lines means the enjoyment of luxurious travel conveniences; dining in state through miles of landscape beauty; reclining at ease with the companionship of a good book or periodical from train library; the society of congenial fellow passengers; courteous attendants summoned by the touch of a button; maid and barber; magnificent scenery from the observation car; and a trip to New York in 10 hours. The train leaves Cincinnati daily 8:30 p. m., running through to New York on the New York Limited. The 1 p. m. train with sleeping car daily from Louisville connects with the Pennsylvania Special for delightful daylight ride to New York and Washington. For particulars address C. H. Hagerty, D. P. Agt., Louisville, Ky., R. H. Lacey, S. P. Agt., Nashville, Tenn.

Account of the United Confederate Veterans' reunion to be held at Louisville June 14-16, 1905, the I. C. railroad will sell round trip tickets to Louisville June 12th to 15th inclusive, at \$3.80 for the round trip. Tickets good to return leaving Louisville not later than June 19th, except that return limit may be extended to July 10th upon payment of a fee of 50 cents to special agent not later than June 19th.

J. B. MALLON, Agt.

Some dishes left at the Confederate veterans dinner a week ago are being taken care of by Mrs. Meacham and the owners can get them by calling for them.

BABY'S ECZEMA

Top of Head Covered with Scales Which Peeled off Taking Hair with Them.

CURED BY CUTICURA

Now Six Years Old with Thick Hair and Clean Scalp. Cure Permanent.

"My baby was six weeks old when the top of her head became covered with thick scales, which would peel and come off, taking the hair with it. It would soon form again and be as bad as before. My doctor said it was Eczema, and prescribed an ointment, which did no good. I then tried Cuticura Soap and Ointment. I washed her head in warm water and Cuticura Soap and gently combed the scales off. They did not come back and her hair grew out fine and thick. She is now a year and a half old, and has no trace of Eczema."

MRS. C. W. BURGESS, Trinitarian Ave., Bridgeport, Conn., Feb. 21, 1898.

CURE PERMANENT

Mrs. Burgess writes Feb. 28, 1903: "My baby, who had Eczema very badly on her head, as I told you before, after using the Cuticura Remedies was cured. She is now six years old, and has thick hair and a clean scalp."

Instant relief and refreshing sleep for skin-tormented babies and rest for weary mothers in warm baths with Cuticura Soap, and gentle anointing with Cuticura Ointment, purst of emollients and greatest of skin cures. This is the purest, sweetest, most speedy, permanent, and economical treatment for torturing, disgusting, itching, burning, bleeding, scaly, crusted, and pimply skin and scalp humors, with loss of hair, of infants and children, as well as adults, and is sure to succeed when all other remedies have failed. The best physical fact.

Sold throughout the world. Cuticura Remedies, Inc., 150 N. 2nd St., St. Paul, Minn. Prepared by Wm. L. Mumford, St. Paul, Minn. Price, 50¢ each for "The United States Dispensary."

Police Court.

Business was dull in Judge Knight's court yesterday. Two negro women were presented on the charge of a breach of the peace and let off with small fines. An old negro man was up for drunkenness and was discharged without prejudice.

READ THIS!

Bowling Green, Ky., June 12, 1901. Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: We have been using your Texas Wonder, Hall's Great Discovery, for two years and can recommend it to any one suffering with any kidney trouble as being the best remedy we have ever used. Yours truly,
W. C. MORRIS & Co.

A Texas Wonder.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in men and women and regulates bladder troubles in children. If not sold by your druggist will be sent by mail on receipt of \$1.00. One small bottle is two months treatment and seldom fails to perfect a cure. Dr. E. W. Hall, sole manufacturer, P. O. Box 623, St. Louis, Mo. Send for testimonial. Sold by all druggists and R. C. Hardwick, Hopkinsville.

Now For Mother!

We have everything you'll want for your boy to wear this spring. If you are undecided let us talk it over. Every suit is new and in good taste or it would not be here.

Tastily Trimmed Russian Suits and Etons

For the smallest of boys, in styles exclusive with us. The two piece single breasted are destined to be extremely popular for the larger boys from 8 to 16 years old.

Come let us help you solve the growing boy problem, for we know it's a hard proposition, at the best prices to suit everybody. Our stock was never more complete and now is the time. No trouble to show goods.

CHILDREN'S DAY

Called Out a Big Crowd at
Gracey Sunday.

The celebration of "Children's Day" at West Union church, Gracey, by the children of the Sunday school, brought out a crowd that packed the church to overflowing. Almost as many were outside, about the doors and windows, as could get inside. J. P. Mescham acted as master of ceremonies and the following program was carried out, about 50 children taking part in the songs and recitations:

PROGRAM.
March.....Sunday School
Prayer.....
Welcome Address.....Helen Baker
Let There Be Light.....Sunday School
Creeds of the Bible.....Nine Little Girls
Recitation.....Thomas Roberts
Brightening the World.....
Acrostic on Missions.....Sunday School
Eight Little Girls
Quartet.....Four Ladies
Recitation.....Nannie Boyd
Solo (Beautiful Flowers).....
Nellee Coleman
Send the Light.....Thirteen Girls
Recitation.....Mary Belle Smith
Fishers of Men.....Five Little Boys
Be a Golden Sunbeam.....Sunday School
Recitation.....Lizzie Golladay
Duet.....Two Ladies
Recitation.....Sam Richardson
Summer Land.....Sunday School

The children had been carefully drilled by Mrs. B. W. Cowherd and Mrs. E. T. Libby and all performed their parts in a most creditable manner.

Miss Laura Thurmond, who is a music pupil of Mrs. Frank Torian's, of this city, presided at the organ and acquitted herself most handsomely.

The church was decorated with evergreens and flowers and the whole affair was a decided success.

The Sick.

The little daughter of Rev. E. H. Bull is improving slowly.

The three-year-old daughter of Mr. F. D. Bell has flux, and her death is expected at any time.

Mrs. J. B. Mallon has typhoid fever, but the crisis has not yet been reached.

Mrs. W. T. Vaughan was prostrated from heat last Thursday and is in a critical condition.

Mr. Geo. D. Dalton, though getting along as well as could be expected, still suffers greatly at times from his fractured limb.

Torture of a Preacher.

The story of the torture of Rev. O. D. Moore, pastor of the Baptist church of Harpersville, N. Y., will interest you. He says: "I suffered agonies because of a persistent cough, resulting from the grip. I had to sleep sitting up in bed. I tried many remedies without relief until I took Dr. King's New Discovery, for consumption, coughs and colds, which entirely cured my cough and saved me from consumption." A grand cure for diseased conditions of throat and lungs. At R. C. Hardwick's, druggist; price 50c and \$1.00, guaranteed. Trial bottle free.

Will Wed June 21.

Miss Jennie M. Berry, of Morganfield, sister of Mrs. O. H. Anderson, of this city, will be married June 21, to Mr. Elbridge C. Evans, a wealthy young druggist of the same place. The bride-to-be is one of the most beautiful society girls of Morganfield. She has many friends and admirers in Hopkinsville, having often visited her sister here.

Furious Fighting.

"For seven years," writes Geo. W. Hoffman, of Harper, Wash., "I had a bitter battle with chronic stomach and liver trouble, but at last I won, and cured my disease, by the use of Electric Bitters. I unhesitatingly recommend them to all and don't intend in the future to be without them in the house. They are certainly a wonderful medicine, to have cured such a bad case as mine." Sold under guarantee to do the same for you by R. C. Hardwick, druggist, at 50c a bottle. Try them today.

Lawn Fete.

The Col. John Green Chapter D. A. R., will give a lawn fete and art exhibit at Mrs. C. H. Dietrich's Friday, June 16, 4 to 6 and 8 to 11 p.m. This promises to be a very attractive and artistic affair. The chapter members assisted by a number of society young women will be on the reception committee. The colonial porch will be most artistic in flags and the national colors. A treat is in store for all lovers of high class art. Fun and amusement for all. Admission 25 cents. Your fortune told for 5 cents.

HENDERSON

OUR MEAT.

Browns Took Two Out Of
First Three
Games.

BACK HERE FRIDAY.

Vincennes Series Next On Local Diamond—Double-Header Sunday.

Standing to June 12.

Clubs	Played	Won	Lost	Pct.
Vincennes	37	28	9	.757
Paducah	38	28	10	.744
Cairo	36	18	18	.500
Princeton	37	14	23	.378
Henderson	39	13	26	.333
Hopkinsville	39	12	27	.307

Hopkinsville won the game from Henderson, played here Saturday, by the score of 7 to 1. Perdue was on the mound for the Browns and pitched an excellent game. His support was also good and it was evident from the start that the Hens were up against a real proposition. Morgan and Schissel composed the battery for the visitors, Hopkinsville got 13 hits and made only one error, while Henderson secured only six hits and made two errors.

Henderson, in the first and second innings, failed to get a man as far first base, but in the third they succeeded in getting a man across the plate. This was the only score they made during the game. In this inning Mullen, the first man up, fanned. The second man also struck out. The third man man up, Morgan, hit the ball and got to first. The fourth Hen knocked a three-bagger, thus scoring the man on first, but he was left on third, the fifth man at the bat knocking a pop-up, retiring the side.

Hopkinsville made four scores in the first inning. Bomar knocked a two-bagger and scored on Brady's three-base hit. The latter scored on Morris' fly to left field, which was captured, but not in time to prevent a tally for the Browns. Myers hit to first and crossed the plate when Henderson put the ball over left field fence for a home run. This ended the run-making for the inning.

Brady was the first man up in the third for Hopkinsville and knocked a grounder, good for one base, but in attempting to make it two, was put out. Morris hit a long fly and went to third. Myers hit the ball for a long drive, but was put out at second. Morris scoring. This gave the Browns five scores.

In the fourth inning the Hens blanked. Hopkinsville in their half of the fourth, added two more scores, after which the work of tallying ceased. Rutledge hit to first and was advanced to second on Perdue's single to right. Both men scored on McAndrews three-bagger.

The first Hen up in the fifth inning fouled out, Mullen fanned and the third man also hit the wind for retirement. In this inning it looked for a time as if Hopkinsville would add several more scores to their list, but the Browns failed to get across the initial bases, after filling the bases. It was this way: Morris, the first man up, hit for three bases. Myers was hit by the ball and given first. Henderson bunted and got to first, advancing Myers to second. Desmond fanned. Rutledge bunted safe for first, but Morris was forced out third and put out before he could reach home plate. Perdue failed to get to first and the score for this inning, which looked so bright at first, did not pan out. The next four innings were barren of scores for either side. The hitting by the Browns made the game lively, the spectators enjoying it immensely, as the players were doing something

with the stick all along during the contest.

The local team went to Henderson Sunday morning for five games. A double header was played with the Hens Sunday afternoon. These games were scheduled for Hopkinsville, but were transferred. The regular series of three games scheduled for Henderson will be played before the Browns return here. The first contest came off yesterday afternoon, the second will be played today and the third tomorrow. Thursday is an off day with the Hopkinsville team, but Vincennes will be here to play Friday and Saturday of this week.

CHAT OFF THE BAT.

At Paducah, Princeton was shut out by 1 to 0.

Henderson lost to Paducah Friday. The score was 6 to 2.

At Princeton Friday Vincennes won from the Infants, score being 8 to 2.

There was no game Sunday at Cairo between Cairo and Vincennes on account of rain.

Princeton was shut out at Paducah Saturday by the Indians. Paducah made 5 scores out of thirteen hits, while the Infants got six hits, but no scores.

The contest at Cairo Saturday between Vincennes and the Egyptians was a hard fought battle and resulted in a victory for the Alices. The score was 3 to 2.

The double-header at Henderson Sunday between the Browns and the locals resulted in an even break. Henderson won the first game 6 to 3. Battery for Hopkinsville, Desmond and Schan. Hopkinsville won the second game 7 to 4, with Smith, Bomar and Rutledge. In this game Henderson's new brag pitcher, McCartney, met defeat.

Hopkinsville's third game of the series at Cairo Friday was won by the Egyptians by the score of 2 to 1. Smith started in to pitch for the Browns, but after passing the first two men was relieved by Chenault, who passed his first man. This crowded the bases and the latter was relieved by Bomar, who twirled the rest of the game. Two men crossed the initial bag in the inning, however, and Hopkinsville was never able to overcome the score.

WEST PLANTS TREES

PRAIRIE LANDS BECOMING DOTTED WITH TIMBER GROWTH.

Bureau of Forestry Advises the Planting of More Trees and Greater Care in the Selection of Kinds.

The agents of the bureau of forestry detailed to investigate planted groves and natural timber in the eastern half of the two Dakotas and the western third of Minnesota have completed their field work. The results of their investigations will be embodied in a report which will be published as soon as the data collected can be tabulated and definite conclusions drawn.

Throughout the region investigated a good deal of tree planting has been done to meet the requirements of the timber culture act or for protective purposes. Local benefits have been gained by this

SPRUCE AND BALSAM FOREST. Showing Dense Reproduction of the Balsam.

planting, and a study of the results gives a good basis for suggestion looking towards still better results in the future. The species most generally tried are those which grow naturally in the river bottoms of the region, together with some which have been introduced from Europe. They are cottonwood, boxelder, green ash, silver maple, white willow and white elm. These trees have some admirable qualities, but are in some respects unsuited to the region. The ideal tree for planting on the prairie is one which is able to resist extremes of drought and temperature, is free from insect enemies, makes a rapid growth, and is at the same time valuable for both protective and commercial uses. Some of the conifers or evergreens have these characteristics in a high degree, and enough planting of certain species of pine, spruce and larch has been done to prove their superiority. For future planting in this section the bureau will probably recommend the substitution to a large extent of cone-bearing trees for some of the species which have been in common use.

In the past the timber value of trees was a secondary consideration. Trees were planted for their protective value and for ornament. But by a proper choice of trees a direct profit can also be reaped. A species which meets commercial requirements will, in most cases, answer all other demands. This additional commercial benefit in tree planting, the bureau will emphasize in its forthcoming report.

The region examined is prairie land, very fertile, and for the most part devoted to profitable farming. But the hot, dry winds from the southwest are very injurious in summer, while the crops are maturing; in the long winters the piercing cold winds from the north-

west are a menace to live stock as well as a source of great discomfort. Hence windbreaks along the south, west and north sides of farms, buildings and inclosures contribute largely to the welfare of farm life. It is of the first importance that the kinds of trees composing these windbreaks should be those which will most quickly reach the size demanded to furnish efficient protection, and at the same time permanently hold their ground and perform their office. In addition, they should yield good commercial returns. The careful consideration which the bureau has given to this side of the question should make its recommendations of great value to the farmers of the extensive region studied.

Dandified Disraeli.
A contemporary of Disraeli in his memoirs records this impression of that famous dandy's personal appearance. Usually he wore a slate-colored velvet coat, lined with satin; purple trousers, with a gold braid down the outside seam; a scarlet waistcoat, long lace ruffles falling down to the tips of his fingers; white gloves, with brilliant rings outside them, and long black ringlets rippling down over his shoulders. When he rose in the house he wore a bottle-green frock coat, with a white waistcoat, collarless, and a copious supply of gold chains.

Lungache,

pains in chest, bronchitis, and similar signs of a cold on the lungs, can be quickly relieved and cured by

HAMLINS WIZARD OIL

No time should be lost, because lung trouble may easily develop into pneumonia or consumption. Hamlin's Wizard Oil, applied to the chest, relieves the pain and inflammation, loosens up the cough and soon cures the disease.

"My little girl," writes Rich. W. Thornton of Quay, Colo., "suffered more or less with a cold on the lungs since her birth, and finally the trouble became serious. No remedies gave relief, until we tried Hamlin's Wizard Oil, one bottle of which permanently cured her." Price 50c and \$1.00.

TESTIMONIALS.

Gentlemen:—I am using two each, Henderson and Studebaker, Mitchell and Mogol wagons. I like the Henderson much better than any of them; find them lighter draft, more durable and better painted; would not exchange them for any wagon I ever saw. Yours truly, WM. LINVILLE.
Scuffletown, Ky., Jan. 28th, 1905.

Gentlemen:—I am using the Henderson, Becker, Owensboro and Corydon wagons and find the Henderson beats them all for easy running and the paint stays on it. I know it is durable and would not trade it for any other. Wishing the new factory success.
HOMER TAYLOR.
Scuffletown, Ky., March 30, 1905.

Gentlemen:—I have loaded the 3 in. Henderson bought from you with extra heavy loads and it stands the test. It is the lightest running wagon I ever used.
DENNIS FYLE.
Henderson, Ky., Feb. 22nd, 1905.

Gentlemen:—The Henderson wagon bought of you Nov. 17th, 1903, has given me the best of satisfaction. I used it for a lumber wagon and loaded it heavy and it stands the test. I heartily endorse its easy running and wearing qualities.
J. JESSEE BASKETT.
Henderson, Ky., Feb. 15th, 1905.

Gentlemen:—The Henderson wagon I bought of you is the lightest running wagon I ever used. No complaints to make about it and am well pleased with it.
HIRAM HAZELWOOD.
Hebbardsville, Ky., March 11, 1905.

Dear Sirs:—I am using a Henderson wagon made and sold in 1890 and for these 15 years I have been pleased with it. It is the lightest running wagon made and that I ever hitched to. J. W. Toy.
Henderson, Ky., R. R. 3, March 11th, 1905.

Gentlemen:—On my place I have the Birdsell, Becker Bro., Studebaker, Mitchell and Henderson wagons in daily use. I tell you the Henderson is the lightest running wagon of them all and I want three more Hendersons this summer just like those I bought last year. I want them with the high front bolster and broad sand bolster—that is a good thing.
Yours truly,
JOHN AND KELLY HOSMAN.
Henshaw, Ky., April 11th, 1905.

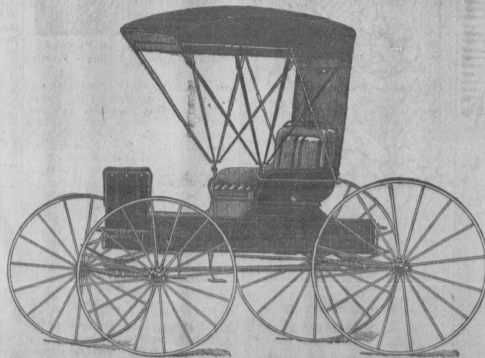

Gentlemen:—The three Henderson wagons bought of you last year are all we can ask of a wagon—light draft, durable and well painted. They are fine wagons and we like them better than any other kind we have used. We are now running three other kind.
